Ugljan by bike

Cycling is one of the most enjoyable ways to explore the island of Ugljan. Quiet coastal roads, scenic inland paths and gentle climbs lead through ancient olive groves, charming Mediterranean villages and beautiful viewpoints overlooking the Zadar archipelago.

With around 100 km of cycling trails, the island offers routes for every level — from relaxed seaside rides suitable for families to more challenging climbs for experienced cyclists. For an even greater adventure, cross the Ždrelac bridge and continue your ride on the neighbouring island of Pašman, discovering two islands of the Zadar archipelago in a single journey.
